

1955 saw the birth of a special sports car. Just 55 cars later and production of this British roadster stopped.

Now Cape International has extended its range of CapeSport components to help transform your 100 into a legendary 'S' replica.

Take your pick of parts direct from our stocks. Deliver your car for a full transformation here at Cape's workshops. Or why not specify a CapeSport 100 from the ground up - the choice is yours!

CLASSIC PARTS FOR AUSTIN HEALEYS

100 - 3000
